BOOK SYNOPSIS

Shes never been kissed. Hell do a lot more than that by the time hes through. The new CEO is gorgeous. Model gorgeous. But hes so far above my lab assistant status I can barely see his cute butt when I look up the corporate ladder. How on earth did he end up kissing me? Ive never been kissed like that before-at least, not outside my imagination. It made me go weak at the knees. Literally. And now I want to do much, much more. The only problem is, I dont know how. You see, I have a secret, and Im terrified that if I tell him, hell run a million miles. Im still a virgin. Dont get me wrong-I studied science at college, so of course I know how everything operates. But the way hes looking at me right now with those sexy jade green eyes, like he wants to devour me whole? They never taught that in biology class. Just thinking about being with him terrifies and thrills me at the same time. He could teach me so much! And Ive got a hunger to learn. You know what they say about virgins, right? Theyve got a whole lot of lost time to make up for... But Im so afraid that my first time will become my first heartbreak. Because you see, hes got secrets too... The Billionaires Virgin is a standalone romance with a happy ending. But be warned: this book is so hot it will have you fanning yourself. It contains smoking hot action between a curvy BBW and a gorgeous Billionaire, and includes sizzling scenes which are for adults only. Read it only if you like curvy, intelligent women, first time experiences, and alpha billionaires.
