

Evaluating Learning Algorithms A Classification Perspective

BOOK DETAILS

- Author : Nathalie Japkowicz
- Pages : 424 Pages
- Publisher : Cambridge University Press
- Language : English
- ISBN : 1107653118

BOOK SYNOPSIS

The field of machine learning has matured to the point where many sophisticated learning approaches can be applied to practical applications. Thus it is of critical importance that researchers have the proper tools to evaluate learning approaches and understand the underlying issues. This book examines various aspects of the evaluation process with an emphasis on classification algorithms. The authors describe several techniques for classifier performance assessment, error estimation and resampling, obtaining statistical significance as well as selecting appropriate domains for evaluation. They also present a unified evaluation framework and highlight how different components of evaluation are both significantly interrelated and interdependent. The techniques presented in the book are illustrated using R and WEKA, facilitating better practical insight as well as implementation. Aimed at researchers in the theory and applications of machine learning, this book offers a solid basis for conducting performance evaluations of algorithms in practical settings.

EVALUATING LEARNING ALGORITHMS A CLASSIFICATION PERSPECTIVE -

Are you looking for Ebook Evaluating Learning Algorithms A Classification Perspective? You will be glad to know that right now Evaluating Learning Algorithms A Classification Perspective is available on our online library. With our online resources, you can find Applied Numerical Methods With Matlab Solution Manual 3rd Edition or just about any type of ebooks, for any type of product. Best of all, they are entirely free to find, use and download, so there is no cost or stress at all. Evaluating Learning Algorithms A Classification Perspective may not make exciting reading, but Applied Numerical Methods With Matlab Solution Manual 3rd Edition is packed with valuable instructions, information and warnings. We also have many ebooks and user guide is also related with Evaluating Learning Algorithms A Classification Perspective and many other ebooks. We have made it easy for you to find a PDF Ebooks without any digging. And by having access to our ebooks online or by storing it on your computer, you have convenient answers with Evaluating Learning Algorithms A Classification Perspective. To get started finding Evaluating Learning Algorithms A Classification Perspective, you are right to find our website which has a comprehensive collection of manuals listed.
