BOOK SYNOPSIS

Based on the case studies of 12 actual couples and individuals who are grappling with the complexities and challenges of “responsible nonmonogamy,” this helpful resource delves into various types of open relationships. The stories included have a varied cast of characters—monogamous, heterosexual, homosexual, bisexual, and polyamorous—but they all share a desire to find practical and realistic solutions to their life situations. Each chapter concludes with tools and tips that provide valuable assistance for grasping the subject covered. Accompanied by short texts that give fascinating insights into how other cultures and traditions, from the Taoist to the Celtic and beyond, have accommodated nonmonogamous relationships, this remarkable exploration offers a down-to-earth approach to a growing population.
